The movie **The Italian Job** was released in 2003 shortly after the new MINIs arrived on the scene. The movie was a remake of the 1969 British film of the same name. The MINIs played a leading role in the film (and the new MINI now available was perhaps why the remake was so tempting?!).

For the MINI (and Mini) fans around the world, the movie was an instant hit! The great cast and great driving showcased the maneuverability, power and fun these cars bring, something we all enjoy when driving through the twisty and scenic roads of New Hampshire!

For MINIs On Top 2024, we honor this film with our own take on it: **The Mount Washington Job!** No thievery, no gold bullions (sorry!), but tons of fun with these great little cars!

Welcome to MINIs On Top 2024!
Be Safe ~ Have Fun!

BENEFITING CHARITIES:

We are happy to announce this year's benefiting charities:

The mission of the New Hampshire SPCA is to save the lives of companion animals through rescue, rehabilitation, and adoption; to promote learning, eliminate animal cruelty and be a leader in advancing the highest standards of animal care.

The Mount Washington Observatory is a nonprofit scientific research and educational institution working to advance the understanding of the Earth's weather and climate. We find it fitting to donate 6.288% of the proceeds, which represents the highest peak at 6,288 feet, to the Observatory. For more information about the MWOBS, visit mountwashington.org.
